

# PVHRU

## Max Quiet

### Packaged Void Heat Reclaim Unit

*From 300mm Deep*

#### Benefits

- Low profile from 300mm deep.
- Up to 90% Heat Recovery efficiency.
- Outperforms ErP 2018.
- Heating Coil options. LPHW or electric.
- Cooling coil options chilled water or DX.
- Heat pump coil options.
- TM52 compliant.
- On board controls available.
- Filtration to F7.
- Summer by pass facility.
- High sound reduction casework tested to BS EN ISO 10140-2 (2010) UKAS certified.
- High performance backward curved centrifugal fans with low specific fan power.
- Meets BB101 and BB93 Feb 2015.
- Bottom access.
